

CHEM&131: Introduction to Organic and Biochemistry

Dr. Karl Bailey (Dr. B) · Fall 2026 · September 21 – December 10, 2026 · Canvas Inbox only

What it costs	Chemfolio + CHEM&131 Lab Manual (Clark Bookstore) + ALEKS (via registration)
Modality	Hybrid — asynchronous online + 4-hr on-campus lab (STEM 209, Tu/Th)
The two big ones	Weekly lab attendance (required, no exceptions) + Final TYC Project (10%, no final exam)
How to reach me	Canvas Inbox only — reply within 24 hrs weekdays. No email during term.

Grade in one line: Discussions 30% · Labs 30% · Quizzes 20% · ALEKS Homework 10% · Final TYC Project 10%

Weekly rhythm

- Mon — module opens
- Tue — OOL post due
- Wed — first 3-2-1 post due
- Thu — OOL replies due
- Fri — Lab Intro upload due
- Sun — second 3-2-1 + replies, ALEKS, OOL template, Lab Results & Discussion — all due

Before your first lab

- Attend your scheduled lab — miss it, you're dropped
- Read announcements in Canvas
- Complete Module 0 + ALEKS/Office/OneDrive setup
- Read the full syllabus (Start Here + Course Agreements)
- Have your Chemfolio + lab manual — first 3-2-1 post due that Wednesday

This is the condensed version. The full syllabus — with grading detail, the AI agreement, lab requirements, and all college policies — lives at the living syllabus link shared in Canvas. If anything here and the full syllabus disagree, the full syllabus online is correct.
